

Whistler Village Activation Rules:

1. All activities and sampling items must be approved by RMOW.
2. No gum, stickers or grip stencils.
3. No sales or soliciting sales.
4. Vehicle access in the village must be approved by RMOW. i.e. set-up, strike, car displays. Vehicles must be "walked" in & out of the village, timing of install & strike coordinated with RMOW.
5. Power specifications for each display are required in advance. RMOW to determine if needs can be met by existing power supply. Providing additional power is not the responsibility of the RMOW.
6. Village snow clearing is a priority. Snow clearing zones must be maintained for village snow clearing operations. Depending on snowfall levels, it can take up to 24 hrs to remove snow piles from the village.
7. All signs must be approved by the RMOW.
8. All garbage & recycling materials must be properly handled.
9. All tents & display locations & activities must be approved by the RMOW. The attached map indicates permitted locations & maximum size displays allowed.
10. Requests made by exhibitors or sponsors to re-locate in the village require festival staff & RMOW approvals.

NOTES: Skiers Plaza is W/B managed property. It is subject to RMOW bylaws but has further W/B restrictions. Please contact W/B to request permission to access the area and a complete list of their regulations.
